## CAREER OBJECTIVE

An enthusiastic and dedicated second-year student in Artificial Intelligence and Data Science, passionate about applying programming knowledge to solve real-world problems. Seeking opportunities to grow and contribute to dynamic tech environments.

## EDUCATION

Currently pursing 2<sup>nd</sup> year -

B.Tech – Artificial Intelligence and Data Science

Sri Venkateswara College of Engineering (SVCE)

## TECHNICAL SKILLS:

Programming Languages: C, C++, Java, Python.

Domain Interests: Artificial Intelligence, Data Science, Algorithms, Web development.

## CERTIFICATIONS

- Artificial Intelligence for All
- Python Algorithms
- Data Science and Analytics
- Programming in C
- Building AI Agents in MongoDB

## PROJECTS

### **QUIZMASTER – A Java-Based Mini Project (Team Project)**

Developed a simple quiz application using core Java concepts such as classes, objects, arrays, loops, and conditional statements.

Allowed users to take quizzes with multiple-choice questions and displayed the score at the end.

Collaborated with team members for feature planning and interface design.

## **INTERNSHIP EXPERIENCE**

### **Full Stack Web Development Intern**

*Future Interns* — Remote | Nov 2025 – Present

- Developing full-stack web applications using **HTML, CSS, JavaScript, React.js, Node.js**.
- Working on API integration, database handling, and responsive UI design.
- Collaborating on real-world client projects and delivering production-ready modules.

### **Virtual Internship Trainee – Web Development**

*ShadowFox* — Remote | Dec 2025

- Completed virtual tasks involving **frontend development, debugging, and UI enhancements**.
- Built mini-projects and improved hands-on experience with modern web technologies.
